Re: WT Docket Nos. 96-86, 06-150 and 06-169
Ex Parte Notice

Dear Ms. Dortch:

The undersigned upper 700 MHz licensees recognize that in order to enable the alternative band plan submitted by Access Spectrum and Pegasus on April 18, 2007,¹ a plan must be developed to clear the existing B Block.

While our ultimate support of such a plan will depend on the details of its implementation, we commit to work together and with the FCC to develop a plan that treats each party fairly.²

¹ See Letter to Marlene H. Dortch, Secretary, Federal Communications Commission, from Michael Gottdenker and Ruth Milkman on behalf of Access Spectrum, LLC, and Marshall Pagon and Kathleen Wallman on behalf of Pegasus Communications Corporation, WT Docket Nos. 96-86, 06-150 and 06-169 (April 18, 2007).

² This commitment is without prejudice to any action any of the undersigned licensees may deem necessary to protect their interests in the event that agreement on the plan cannot be reached.
